THREE BILLY GOATS GRUFF

For hundreds of years, the trolls have lived under the bridge to town, committing themselves to its upkeep at their own expense. The constant traffic has caused the bridge to fall into disrepair, and the overwrought trolls decide to enact a toll so that the bridge's users can share in the maintenance fees.

When the residents of the valley flat out refuse to pay, the trolls quit in disgust, leaving the neurotic residents to fend for themselves. Mayhem ensues when one by one, Granny Goat's wards decide to take over, each goat attempting to control the bridge operations through establishing a ruling regime based on their own ridiculous preferences.

Can a bossy cow become dictator? Will love beads be established as the new currency? Does anybody really want taxes? Calling Nanny Goat 911!

Hang on to your horns and join the zany characters of "The Three Billy Goats Gruff; Taxation Happens" in a farcical adventure through government systems.

A Japanese Tale

Pack your suitcase for a whirl-wind tour of Japan! This exciting camp, explores Japanese culture through Kanji calligraphy, creating crafts, learning karate, manga, anime and kabuki theater. Students will explore historic Japanese culture and social etiquette, along with traditional values of the brave samurai.

Students of all interests in Japan are welcome. Campers will be grouped by age and interests. Students actors will dramatize and present a Japanese story with traditional Japanese themes, characters, conflict, costumes, art and music. Student artisans will create more advanced crafts including special Japanese screen backdrops and traditional lamps and more.
